- *Make a game out of sorting quarters. You can sort them by their date or their coloration. This will help your child's small motor and count skills.
 - *Play an "I spy" game with a one dollar bill and a five dollar bill. See what things are the same and different. Make a list of all the pictures you find on the bills.
 - * Make a giant heart out of construction paper and have your child draw each member of the family on it. Each day pray for a different family member.

**God bless you all,
Miss Molinar**
