Unit of Study: The Senses - Sight, Hearing, Taste, Smell and Touch

Bible Story: Jesus Blesses the Children

Shape: Square **Color:** Blue **Number:** 10

Sharetime: Children may bring something related to their sense of touch to share with the class.

Progress Reports: The progress reports will be sent home this Thursday and Friday. Please remember to return your child's progress report, by February 2, so that you will receive the second progress report in June.

Holiday: The school will be closed Monday, February 19th, for Presidents' Day.

Picture Day: Picture Day is this Thursday and Friday. You should have received a packet from the office. Five day students will take a class picture on Thursday and Friday.

Enrichment Activities:

- Take a walk to the park. Using your hands, touch as many different textures you can safely find.
- While making dinner ask your child to use their sense of smell and guess what is being prepared. Do they like what they smell?
- Place a bandana over your child's eyes and have them feel objects from their room. See if they can identify the objects using their sense of touch!
- Read Matthew 19: 13-14. Jesus, along with his disciples, are being followed by a large crowd of people. Jesus begins to talk to them when some little children are brought to Him. The disciples tell the families that they can't see Jesus. Jesus tells the disciples to let the little children come to Him. Jesus blesses each of the little children. I am blessed to know that if Jesus cares for all the little children, then He will care for me! Jesus cares for you too!

God Bless!
Miss Karen Peterson
