**Enrichment Activities:**

- Visit El Dorado Nature Center and see how many animals you can find on your nature walk.
- Read a book together, as a family, about woodland and forest animals.
- Thank God for creating animals that live in the woods and forest: bears, owls, and deer, etc.
- Have fun looking for triangle shaped items around your house.
- Take a walk outside and see how many brown items you and your child can find.
- Read Luke 9:28-36 together! Jesus had taken three of His disciples up on the mountain to pray. Jesus was praying when the disciples noticed that His face looked different. There was a bright light surrounding Jesus. The disciples looked up and heard a voice from Heaven. God told the disciples that He was pleased with His Son, and that they should listen to Him. Jesus had been transformed by God.

God Bless,
